6...Qh7 7.f7+—

7.Kg2! Qxe5

7...Kxe5 8.Bc3+—

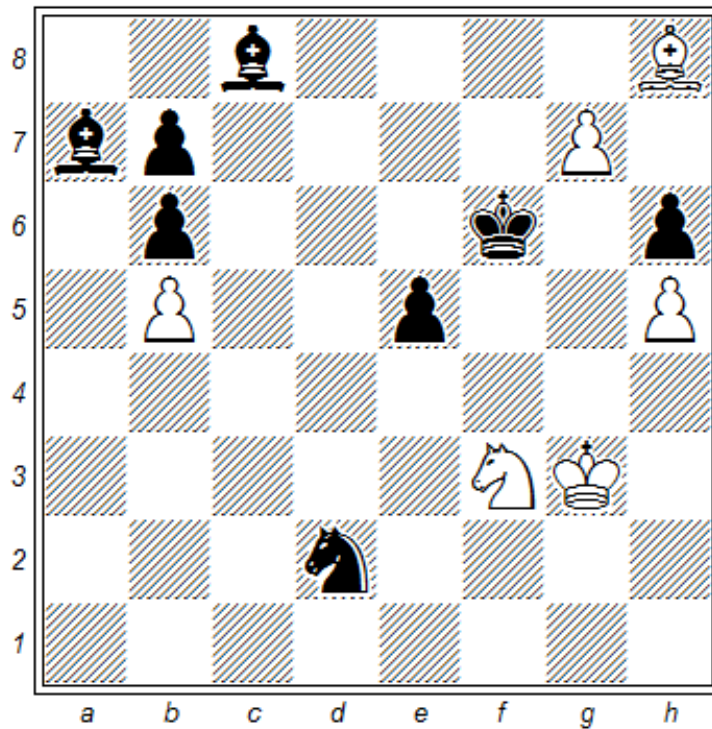

8.Bd2#

The original ending of my study (3-4 prizes, Problemist of the Ukraine 2009) is accompanied with a beautiful introductory game that includes mutual captures of pieces. It is important that the black queen arrives at square f6 in the process of the game.
